POLICIES

ACCEPTING CREDITS

This institution has not entered into an articulation or transfer agreement to accept credits but students may consult with Training Dept staff to inquire whether past training or equivalent experience may meet prerequisite requirements.

ATTENDANCE POLICY

BAVC classes are intensive, quick-paced and often times sequential. If a student misses one day of class, it may result in a significant gap in his or her learning. As a result, BAVC has a zero tolerance policy for unplanned absences except in the case of an emergency such as unexpected illness or injury to student or student's immediate family. Failing to adhere to this attendance policy may result in a student being placed on academic probation.

CANCELLATIONS

Changes to approved class schedules must be requested via email to edu@bavc.org no less than 7 days from the first class date. Students wishing to cancel or withdraw may do so through attendance at the first class session, or the seventh day after enrollment, whichever is later. Refunds will be provided to cancelling or withdrawing students in accordance with the refund policy. To notify this institution of your request to withdraw from the Certificate program, please email edu@bavc.org.

COMPLAINT AND GRIEVANCE POLICY

Complaints or concerns should not be made to an instructor but should be expressed either in the class evaluation or in writing and emailed to edu@bavc.org. A response will be given to the student within 48 hours or less. If an immediate concern needs addressing, students may communicate with BAVC's receptionist, or any Education Department staff member. The Senior Director of Education can be reached at edu@bavc.org. Complaints and concerns follow the following chain of command system: Receptionist, Education Course Manager, Senior Education Manager, Senior Director of Education, Executive Director, and Board of Directors. At least two meetings of BAVC's Board of Directors are open to the public each year and complaints and concerns may also be expressed at these meetings.

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, www.bppe.ca.gov, toll-free telephone number (888) 370-7589 or by fax (916) 263-1897. A student or any member of the public may file a complaint about this institution with Bureau for Private Postsecondary Education by calling (888) 370-7589 or by completing a complaint form, which can be obtained on the bureau's Internet Web site (www.bppe.ca.gov).

LEAVE OF ABSENCE POLICY

Students may encounter situations in their lives which are beyond their control and make it impossible for them to attend classes for a significant period of time. In such circumstances, BAVC may grant a leave of absence, thereby enabling students to accomplish their educational goals. A request for a leave of absence must be in writing, signed by the student. The Senior Director of Education or Senior Engagement Director may assess a student's situation and grant a leave of absence. Under no conditions, may a leave of absence be extended more than six months. The period of time for an approved leave of absence is not calculated in the calculation of a student's maximum time frame. The evaluation points are recalculated when the student returns from an approved leave of absence. The following steps are necessary to receive permission for an official Leave of Absence (LOA): A student must submit a signed and completed Leave of Absence Request Form to the Senior Engagement Director who will review the request for LOA. If approved, the Senior Engagement Director will notify the student.

STUDENT SERVICES

ACADEMIC INFORMATION

As used in all BAVC materials, a COURSE is a single subject of study by which instruction is offered in classes ranging from one up to 32 hours. A CERTIFICATE is an entire curriculum composed of many courses leading to an overall career objective.

ACADEMIC FREEDOM

BAVC is dedicated to ensuring that all students and instructors enjoy academic freedom during their education process. In keeping with the desire to foster inquiry and critical thinking, the instructors are free to address significant issues, provided that the opinions offered are clearly presented as those of the individual, not of BAVC.

CAREER SERVICES

Career services are available at below-market rates to a range of job seekers: recent grads, people transitioning to a new role and experienced professionals who haven't conducted a job search in quite some time. This includes meeting with a job coach, having your resume overhauled, getting tips on nailing a phone interview or in-person interview, portfolio mentorship, career evaluations and more. BAVC's Job Board can be found at: <https://bavc.org/get-a-job/job-board>. These job forums have been instrumental in facilitating employer/candidate matchmaking for over 20 years, and BAVC is regarded as one of the best job-matching sites in the Bay Area digital media industry.

CLASS SIZE

Class size varies with the subject and the method by which subject matter is presented. Classes range from 1 to a maximum of 30 students per class. Technical skills training class size is limited to 10 or less students.

BAVC's five classrooms feature the most current software programs including Adobe Creative Cloud, Apple Final Cut Pro X and Black Magic Design DaVinci Resolve. Students may follow along with the instructor by viewing a separate monitor adjacent to their own monitor. Students may save any work created by

employing a flash drive or thumb drive at the workstation or by saving media to a third party site such as Dropbox or Google Drive.

Students pursuing a Full or Fast Track Certificate are expected to employ class lessons outside of the classroom in order to complete an industry-standard portfolio or demo reel. Resources needed to accomplish this are provided by each instructor and students may independently research additional resources if such resources contribute to an industry-standard portfolio or demo reel.

HOUSING

BAVC does not have dormitory facilities under its control and does not offer housing arrangement services for its students or assist students in finding housing. San Francisco housing rentals are currently the highest in the nation so students should plan accordingly. Students should dress and conduct themselves according to the standards observed in a business office (casual business attire). BAVC reserves the right to dismiss any student whose conduct, poor attendance or poor performance may reflect unfavorably on BAVC. Reasons for dismissal due to unacceptable conduct include the following: cheating; deliberate destruction of property belonging to another; intoxication or substance abuse; disruptive or intimidating behavior that interferes with the pursuit of learning by others; blatant disrespect directed toward staff, instructors or other students; or failure to adhere to federal, state, and local laws.

PORTFOLIO MENTORSHIP - \$850 / \$750 Member price

Employers report that having a portfolio is requisite for applying for tech and digital media jobs. One-on-one portfolio mentorship is designed to take the student's existing creative assets and prepare them to maximize the student's marketability. Mentors are working professionals who also possess exemplary mentoring traits such as identifying strengths and weaknesses, assigning relevant work pieces, providing specific and customized tech training and evaluating the finished project.

The culmination of the mentorship results in the student presenting their portfolio to a review committee of instructors, mentors, key BAVC staff and, in some cases, one or two employers. Constructive feedback is given, final questions are answered and, if the student work matches employers' expectations, the student's portfolio is referred to specific employers for potential hiring opportunities.

STUDENT ACHIEVEMENT

BAVC recognizes that students have a variety of reasons for enrolling in and completing an individual course and therefore does not issue homework, test students or provide grades. The exception to this policy is in the case of a Certificate student. Certificate students are evaluated by their instructors and must demonstrate proof of skill level after completing each course through the following metrics:

1. Regular class attendance
2. Adequate skill level demonstrated when completing each class exercises
3. Adequate participation in class discussions based on instructor feedback
4. Understanding of key beginning, intermediate and advanced elements as outlined in the curriculum
5. Understanding of workflow and sequential processes as outlined in the curriculum

Certificate students must also submit an online portfolio at the culmination of their training which is evaluated by a committee comprised of instructors, portfolio mentors, key BAVC staff and, on occasion, one or more employers. The student's portfolio is assessed on aesthetic or programming ability, cohesiveness, relevance to job market, professionalism and completeness.

PAYMENT INFORMATION

Self-funded Certificate students must pay all fees in full before attending the student's first class. Students receiving government assistance to cover Certificate costs must provide all documentation from the funding agency, government office or one-stop center granting the Certificate training. An Enrollment Agreement must be signed and delivered to a BAVC Enrollment Counselor before student's first class.

Please note: Per the Bureau of Private Postsecondary Education, students have a right to know the following: This institution does not have a pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, nor has had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec 1101 et seq.)

2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party."

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or the Division within 30-days before the school closed or, if the material failure began earlier than 30-days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.
